

The City Weekly Update September 3rd, 2020

STUDENT ANNOUNCEMENTS:

- ❖ **NO SCHOOL:** There is no school for students or staff on these dates:
 - Friday, September 4
 - Monday, September 7
- ❖ Attendance is being recorded for all classes. Parents/Guardians should call or email to excuse any absence. Call 616.819.2381, or email McClureR@grps.org, or CintronA@grps.org.
- ❖ **TEACHER OFFICE HOURS-** We are compiling a single document that will contain all the teachers' established office hours for each week. Students and parents can currently communicate directly with a teacher to set up a meeting or time to conference as needed. Once we have all the information compiled, we will share out the document!
- ❖ Please check out the [Schoolwide Google Classroom](#) that has been created for a central place for us to share updates/information/videos/files/etc. directly with students. The following [access code "uh3ikky"](#) will get you there; login with their GRPS email credentials to access it. We will regularly share information in this location.
- ❖ **Coming Soon- Virtual Open House!** We are in the planning stages for creating a Virtual Open House where families will be able to access information that will allow them to learn about their student's teachers and get the important details regarding their curricula, syllabi, and overall academic info. Stay tuned as a date will be shared soon!
- ❖ The district is currently waiting for direction from the MHSAA to determine if the following sports can occur this fall for middle school students: Cross Country (co-ed), Soccer (Boys), Volleyball (Girls). All other MS sports have been canceled due to Covid-19 concerns. We are hoping to hear a decision by Labor Day. Stay tuned.

EPIC EXCHANGE:

We will not be utilizing the weekly update format during distance learning, however, quite often there are important items that we need to share with students.

We would like to introduce **Pegasi Proclamations!** Please take a couple minutes during your Tuesday 8th hour sessions to share the information on the Shared Google Slide Presentation, which can be found in our shared City PLC drive or click the link below:
